MEMORANDUM FOR: Mr. R. Jack Smith

25X1 The attached was dictated off the top of my head. It may be too wordy and too precise for the Checklist or for the Weekly Presidential Review. On the other hand, it gives a better thrust, to my mind, than the Checklist draft that I vetoed last night. Please have my draft checked out with [redacted] and then determine from the Director whether or not he wishes it, or something similar, put in the Checklist, the Weekly Presidential Review, or an expanded version in a memorandum to be sent to Rusk, McNamara, Mac Bundy, and the President.

Bernie:

General Carter dictated this on Friday.
Mr. Knoche took the original for follow-up action.
Just hold onto these carbons. One should go in our
files. On Tuesday why not check with Mr. Knoche
to see if the other carbons can be destroyed.
